More Changes for 2017

- We have begun working with the very isolated community of Morelos. A twelve hour drive is only a twenty-five minute flight in the hospital aircraft. Their medical needs have been served by only one dedicated retired nurse, so this has become a wonderful partnership!

- The German Company, Bayer awarded a five thousand euro donation which funded an expansión of two pediatric isolation rooms.

Mr. Fernando Lopez, an engineer from Bayer, came to personally oversea his project.

We receive patients from 470 communities: mainly, Guachochi, Batopilas, Urique, Balleza, Bocoyna, Guadalupe y Calvo, Carichí, Morelos, Uruachi y Guazaparez. The majority of our patients are Tarahumara and Tepejuans. A smaller number are from the Guarojío and Pima tribes.
